# **MAYOR'S REPORT**

The Mayor presented the following report.

The less than factual discussions placed on the various "social media" pages do damage to our Town. Many "media" posts are not fact based and the originator should be aware of this shortcoming. I am frequently approached by friends in the New Bern area with comments about the "media" context originating in River Bend. These non-River Bend residents likely do not have the background to determine the validity of the post. It is only fair to say that the less than factual

exchange that is taking place is damaging to our Town. My plea to all is PLEASE seek facts and make certain that what you post is true. The product of government at the Federal, State, and Local level is certainly not instantaneous. Sometimes slow character of output can be frustrating. Many times, the slowness is related to the need to produce a record of decision that will be a legal contract. In the fashion of Churchill, what I state above is stated without prejudice.
