The Community Watch Program

River Bend Community Watch is an organized group of concerned citizen volunteers mobilized to assist the River Bend Police Department to serve and protect the community. Members of the Community Watch patrol the Town as additional eyes and ears of the police, watching and listening for suspicious criminal activity or unsafe conditions. If we see a crime, we report it!

Immediate and accurate reporting of a patroller's observations will effectively prevent crime and apprehend criminals - strengthening the partnership between the community and the police who serve us, making our town a safer and better place to live and work.

Primary Objectives of Community Watch

Maintain a cooperative system of surveillance over each other's property.

Accurately and immediately report suspicious activity or crimes in progress or dangerous conditions to the police.

High visibility neighborhood patrols.

Community Watch members as competent witnesses.

Assist the Police department, other appropriate agencies, and crime victims whenever requested.

Work with Police officers, municipal government, residents, and all town stakeholders to accomplish the goal of a better and safer River Bend.

Our Goals

Community Watch is a community-minded effort to continue to enhance the...
